

State Approaches to Developmental Education

**Presented by
Hunter R. Boylan, Ph.D.,
Professor and Director, NCDE**

State Approaches

- **Public School Reform/Support**
- **School/College Collaboration**
- **Assessment/Placement**
- **Standards/Accountability**
- **Relegation of Developmental Education**

School Reform/Support

- Increasing standards
- Expanding core courses
- Allowing dual enrollment
- Providing mobile resources

School/College Collaboration

- School and college faculty meetings
- Mentorship programs
- Articulation discussions/agreements
- Course development collaboration

Assessment/Placement

- High school exit tests
- College assessment and placement tests
- Gateway tests
- Monitoring tests

Standards/Accountability

- **Monitoring and reporting student progress**
- **Establishing performance standards for developmental courses**
- **Providing incentives for performance**

Relegation

- Relegating developmental education to community colleges
- Sub-contracting developmental courses
- Using on-line technology for developmental courses

What We Don't Do

- **Make sure developmental education works**
- **Invest in professional development**
- **Insure seamless transitions**
- **Provide formative evaluation data**
